To whom it may concern,

Gridin's Group have been assisting us on a painting project in Belgium.

A group of 30 painters have been working for us from the beginning of August 2014 until the end of October 2014 on our project of painting of the new build Hospital, AZ Maria Middelares located in Gent, Belgium.

During this period the employees from the Gridin's Group have shown that they are hard and specialized workers and that they are standing to deliver a high standard, regarding the quality and the safe execution, of the work that needs to be commenced.

We see a good cooperation for future projects and to have a long-term relationship,

Yours sincerely,

Don Saponaro
