ABOUT **US**

Gridin's Group is committed to highest standards in interior finishing projects. We have carefully selected a team of experienced people, use high quality tools and proven techniques to make sure we deliver the best results.

In its activity **Gridin's Group** meets the following ISO standards: **ISO 9001:2008, ISO 14001:2004, BS OHSAS 18001:2007,** that represent the integrated management system.

The main goal is to adhere to certain standards related to quality, HSE, and work performance.

Our Values

- PROFESSIONALISM AND COMPETENCE
- NONSTANDARD DECISIONS & COURAGE
- DYNAMICS AND DRIVE

We believe that everyone has a responsibility to support the communities that they work in.

To enhance the company's commitment to give back to local people, the Aleksandr Gridin Charity Fundation was launched in 2012.

Letter of Recommendation

Hereby we express our compliments to Gridin's Group - our longterm contractor in manufacture of steel constructions since 2008.
We are pleased with their productive partnership in many of our vessel building projects.

At the same time Gridin's Group also was requested on tender basis to perform interior works for new buid vessels. After consideration Arctech decided to provide this company with the opportunity, which was a very good decision. All works are carried out according to the schedule, it is a pleasure to see the quality of work performed, high level of communication and work ethic.

We extend our gratitude to the entire Gridin's Group corporation for their professional partnership. We recommend their services, wish them the best of luck and look forward to working with Gridin's Group again.
